Length: 13.11 m Width: 2.67 m Height: 4.04 m	Maximum Cruise Speed: 287 km/h

<Charter Prices>

We provide quote based on date of use, route, and number of passengers. We also offer routes other than those listed below, including departures and arrivals outside of Tokyo.

From/to Tokyo Heliport	Round-trip 2-day (tax included)
Ise, Shima	JPY 4,170,000 and up
Kyoto	JPY 4,620,000 and up

- (1) 2-day (round-trip) fee includes the cost of operating the flight with 2 pilots on board (operation, handling, landing, etc.).
- (2) Food and beverage (catering) service is not available.
- (3) Flight times may vary due to weather conditions and wind at altitude on the day of the flight.
- (4) The total weight for up to 6 passengers is calculated based on an assumption of 480 kg (80 kg per person with luggage).
- (5) Day trip (0 night and 1 day) is available at the same price as 2 days.
