Please let us know your desired route, date of use, and number of passengers. We will provide a quotation.

We can also provide quotations for routes other than those listed below. Please contact us.

<Charter Prices>	One-Way Price (tax included)
Yao Airport ~ Kyoto	JPY 940,000 yen and up
Kansai Airport or Osaka Heliport ~ Kyoto	JPY 1,060,000 yen and up

- ① The one-way charter fee includes the cost of operating the aircraft with two pilots on board (operation, handling, landing, etc.).
- ② Food and beverage (catering) service is not available.
- ③ The total weight for up to 6 people is calculated based on an assumption of 480 kg (including luggage weight of 80 kg per person). Since the luggage storage space is limited, please consult with us.
- ④ If the weather conditions on the day do not meet (or are expected not to meet) the meteorological requirements necessary for safe operation, the operating company may decide to cancel the service.
